

ANNAMACHARYA INSTITUTE OF TECHNOLOGY & SCIENCES :: TIRUPATI
ANNUAL REPORT FOR THE ACADEMIC YEAR 2015-16

(Presented by Dr. C. Nadhamuni Reddy, Principal)

It's a privilege for me as the Principal to present a brief annual report on the growth, curricular and co-curricular activities of the college for the year 2015-16.

The institution has completed 09 fruitful years in running both UG and PG courses in Engineering in addition to MBA. No account of institutional history can be complete without remembering the yeomen services of the management and especially the illustrious work of **Sri. C. Gangi Reddy, Honorary Secretary & Correspondent** of this institution, philanthropist, and educationist providing technical education to the youth in the backward region of Rayalaseema. He has started many educational institutions in the fields of Engineering, Pharmacy, Education, Teacher Training and Degree in Science & Arts.

With the initial setting of Engineering college for 240 intake and with 3000 sq. mts of RCC in the year 2007, the institution has been gradually adding the RCC buildings to meet the RCC requirements stipulated by AICTE and affiliating university namely, JNTUA Anantapuramu. The institution is now provided with 23312 sq.mts of RCC comprising four blocks (A,B,C and D).

The institution has obtained permanent affiliation status from the academic year 2014-15 for three consecutive academic years based on the university stipulated norms like mandatory 50 % faculty ratification, and mandatory establishment of physical resources like labs, infrastructure etc.

Adequate measures have been taken to build quality systems for continuous improvement of curricular and co-curricular activities.

The milestones in the history of AITS, Tirupati include:

- 1) Microsoft Certified Campus.
- 2) Recognition of the institution under section 2(f) and 12 (B) of UGC Act, 1956.
- 3) Three UG Programmes (CSE, ECE and EEE) are accredited by the Institute of Engineers (India), Kolkata.
- 4) Internet bandwidth has been enhanced from 15 to 65 Kbps.
- 5) Visit of NBA Expert Team for Accreditation of CSE, ECE and EEE (Results awaited)
- 6) Visit (28th - 30th April, 2016) of NAAC Peer Team for accreditation of institution.

Now autonomous status is the immediate challenge before us.

The important challenges before us are:

- 1) NBA Accreditation of CE & ME
- 2) NAAC Accreditation
- 3) Autonomous Status
