ABOUT AITS, TIRUPATI

Annamacharya Institute of Technology & Sciences, Tirupati was established in the year 2007 in a 40 acre sprawling green campus with serene atmosphere and congenial learning practices. The institute ensures that students are provided adequate practical orientation in order to succeed in the present day competitive corporate world. The institute is aware of the needs of dynamic global village today which is quest of young, energetic and efficient technocrats and managers. Thus, it is inculcating these requirements in the courses offered in a holistic method.

- Making as one of the nation's premier engineering colleges by achieving the highest order of excellence in technical field.
- Inculcating core competitive skills, discipline, and hardwork in the students and making them professional by imparting value based

ABOUT CIVIL DEPARTMENT

The department of Civil Engineering was started in the inception year 2009 with a sanctioned intake of 60 students. The intake was increased to 180 by AICTE from 2012 and

is affiliated to Jawaharlal Nehru Technological University, Anantapur. So far 7 batches of students have been graduated. The Department is offering one PG Programme in "Structural Engineering (SE)" started in the year 2013 with intake of 24. The department has on its role well qualified and experienced teaching faculty. The faculty members also have wide experience in teaching as well as in industry.

ABOUT THE SHORT TERM TRAINING PROGRAMME

The main objective of the one week STTP is to provide a forum for presenting and discussing the latest trends in the areas of Remote Sensing (RS), Geographic Information System (GIS) and Global Positioning System (GPS) applications for disaster management. RS, GIS and GPS provide extremely useful tools for environmental, water resources, disaster management and land use land cover studies. They are widely recognized as supporting tools for the planning, monitoring, development and management of the appropriate utilization of resources at micro to macro level. Various tools, which can be applied to address water, environment and various disaster related problems and the role that the professionals can play in managing disasters in their respective areas would be discussed.

RESOURCE PERSONS

Academicians in the concerned field from IITs/NITs/Universities are invited to deliver lectures in the programme. Speakers from industries are also invited to deliver as part of the course.

SELECTION CRITERION

- The number of participants is limited to **50**.
- Selection on first come - first serve basis.
