Item-1: To read the academic regulations AK20 for B.Tech programmes applicable for students admitted from 2020-21 in view of revised academic curriculum suggested by APSCHE.

Resolution: As per the proceedings of the principal order

- Regulations read out and as per deliberations are approved and regarded as AK20 regulations.

Item-2: Project Work-1 and Project Work-2 of IV B.Tech under AK19 Regulations to be reviewed and finalized - as per the previous CAC meeting.

Resolution: This is deferred and will be discussed in the next CAC meeting.

Item-3: Regulation pertaining Dissertation -1 and Dissertation-2 of M.Tech programmes of AK19 regulations – to be reviewed as per the previous CAC meeting.

Resolution: This regulation of M.Tech is to be continued for the 2019-20 admitted batch.

Item-4: Normalization of credits in respect of readmitted students from R15 regulations to Autonomous AK19 regulations.

Resolution: CAC met today recommended to submit the following procedure to the registrar and DAP for approval.

(Procedure suggested by the college.

CASE1: Student bearing roll number 18AK1A04B4, studied I B.Tech II Semester and detained for want of attendance in the academic year 2018-19 and got readmitted into I B.Tech II Semester in 2019-20 with applicable autonomous (AK19) regulations.

As per R15 Regulations, I Semester were weighed for 21 credits and II Semester weighted for 21 credits, hence total will be 42 credits for I Year. But as per the autonomous regulations, the I Year I Semester weightage is 18.5 and II semester weightage is 21.5, total 40 credits only. Hence normalization has become inevitable. The number of credits in respect of the following three subjects of II Semester has been reduced for this case.

- a) Algebra and Calculus reduced from 4 credits to 3 credits
- b) Applied Physics reduced from 3 credits to 2 credits
- c) Applied Physics Laboratory reduced from 1.5 credits to 1 credit

So that, the total credits of I Year become (21+19) 40 credits.

The said student will now be in the main stream with complete AK19 regulations w.e.f 2020-21, II-I onwards.

CASE2: Students bearing roll numbers 18AK1A05B8 & 18AK1A05C8, studied II B.Tech I Semester and detained for want of attendance in the academic year 2019-20 and got readmitted into II.B.Tech I Semester in 2020-21 with applicable autonomous (AK19) regulations.

weightage is 40 credits only. Hence normalization has become inevitable. The number of credits in respect of the following two subjects of II B.Tech I Semester has been reduced for this case 2.

- a) Basics of Civil and Mechanical Engineering reduced from 3 credits to 2 credits
- b) Numerical Methods for Engineers reduced from 3 credits to 2 credits

Students under this case will be studying in (AK19) complete structure with the allotted credits along with regular batch 2020-21, II-II semester onwards.)
