He is Mr. Vamshidar, the principal of Zilla Parishad High School, Tirupati. He alloted us to do our community service project with the school students and gave permissions to conduct survey in phase-1 as well as awareness programs in phase- 2. He monitored us how to interact with students so that they can be very free to share their ideas and thoughts with us. Through his guidance and support we have done our community service project in a very good manner.

We explained them the purpose of our community service project and why did we choose their school. We conducted a survey regarding their academics, how alert are they in their further career. The way the students interacted with us in phase-1 is fascinating.

Technology & Sciences, Tirupati-5

We distributed survey forms to the students. Students had filled the forms according to their knowledge.

These are the images of students, filling the survey forms. After distribution of the forms, students cooperated in a very good manner.

Annamacharya Institute of
Technology & Sciences, Tirupati-5

We gave awareness to students on higher education, career guidance, cleanliness around their surroundings and extra-curricular activities. Students raised their doubts and we clarified them. Ultimately, we have completed our second phase of our community service project successfully.
