### **(AUTONOMOUS)**

Training and Placement Office through external and internal resource persons plan and Organize for further nurturing of fast learners.

Training and Placement Office is in existence in the college since 2009. TAP office actively organizing different activities to place the students in different companies. The following activities have been taken up by TAP Office to increase the number of placements in every year

- 1) Conducting CRT trainings (for fast learners to improve skills)
- 2) Conducting Technical trainings(C,Java,Phython,DBMS...etc)
- 3) Conducting mock GDs, Interviews in online and offline mode.
- 4) Identifying very fast learners and doing separate trainings for them to crack HIGH PACKAGE jobs.
- 5) Conducting different assessments to check the student performance in various fields. (AMCAT-SHL, CoCubes-Aon, Instakes-Coign)
- 6) Established different Centre of Excellence for organizing Training programmes& followed by Induction. (Wipro Talent Next, Hexaware Segue, Zensar, Zeroh Labs, EPAM India.)

Every academic year CRT program starts from 2<sup>nd</sup> year 2-sem onwards, where in students are trained and assessed in Aptitude, Verbal, Softskills and Technical skills in different phases. Before entering into 4<sup>th</sup> year, all the training modules are completed to make the students ready to attend the placement drives.

Every year we are partnering with the corporate assessment companies like AMCAT-Shl and CoCubes-Aon, where the students are assessed. The students who get score more than cut-off score, will be called by the different companies directly to attend interviews. And also identified poor scorers in assessments are given additional training to improve the skills.

Students with better scores in assessments are trained in advanced technologies where students will get the opportunities to get better salary packages. This year 115 students identified and trained in full stack Java.

College have 5 Centres of Excellence and having MOUs with,

- Wipro Talent Next,
- Hexaware Segue,
- Zensar,
- Zeroh Labs,
- EPAM India

**RENIGUNTA (M), TIRUPATI-517 520**

Wipro Talent next program running from 2020, and every year one or two faculty members trained by Wipro and assessed them to certify as a Wipro Certified Faculty (WCF), and each WCF is made responsible to train 150 students in JAVA. In 2020 and 2021, 150 + 150 Students trained and nearly 10 students selected in 2020 and 15 students selected in 2021. 300 students trained in 2022 and 82 students are selected.

College has COE with Hexaware company through segue hire and train model, 29 students of 2023 pass outs are selected and undergone training in verbal, softskills and advanced technical skills in different phases.

Zensar Company as CSR activity through RPG Foundation give training to the merit students through screening. 46 students of 2023 pass outs and 115 students of 2024 pass outs are selected and under gone in Aptitude, Verbal and technical training.

Ziroh labs giving live projects to the students to improve the technical skills. 15 students of 2023 passouts handled 3 live projects by taking help of technical persons from ziroh labs.

EPAM India started a new approach, where the faculty trained on any one new technology (like .Net, AWS, Devops .... Etc).After completion of course, faculty eligible to train 150 students in the same technology in 200hrs. These 150 students are eligible to attend hiring process of EPAM India.

Not only the above things and also providing career guidance, higher studies awareness and competitive exams awareness programs by industry experts.

By doing all these activities, year by year, placements and average packages have been in the rise.

**Academic Regulations (AK20 Revised) for  
B. Tech (Regular-Full time)**

**(Effective for the students admitted into I year from the Academic Year 2020-21 onwards)**  
and

**B.Tech (Lateral Entry Scheme)**

**(Effective for the students getting admitted into II year through Lateral Entry Scheme from the Academic Year  
2021-22 onwards)**

**1 MINIMUM QUALIFICATIONS FOR ADMISSION**

- The medium of instruction for all course work, Examination, Seminar Presentations, Project Reports and all academic activities shall be **ENGLISH** only.
- A candidate seeking admission to the first semester of the eight semester B.Tech. Degree programme should have passed the Intermediate Examination of the Board of Intermediate Education of Andhra Pradesh with Mathematics and Physical Sciences (Physics and Chemistry) as optional subjects or any other equivalent examination thereto recognized by Jawaharlal Nehru Technological University Anantapur, Ananthapuramu / Govt. of Andhra Pradesh.
- For admissions into the third semester of B.Tech Degree programme under lateral entry scheme a candidate should have passed diploma in the respective branch of study or should have passed three year degree with Mathematics as optional subject. Eligibility conditions depends on changes made by the AP government from time to time.

**2 AWARD OF THE DEGREE**

A student will be declared eligible for the award of B. Tech. degree if he/she fulfills the following:

- Pursues a course of study is not less than four and not more than eight academic years.
- After eight academic years from the year of their admission, he/she shall forfeit their seat in B.Tech course and their admission stands cancelled.
- Registers for 160 credits and must secure all the 160 credits.
- A student shall be eligible for the award of B.Tech degree with Honors or Minor if he/she earns 20 credits in addition to the 160 credits. A student shall be permitted to register either for Honors or for Minor and not for both simultaneously.

The Degree will be conferred and awarded by Jawaharlal Nehru Technological University Anantapur, Ananthapuramu on recommendations by the College Academic Council of AITS - TIRUPATI (Autonomous) basing on the eligibility as in clause 29.

**3 FOUR YEAR B.TECH DEGREE UG PROGRAMS**

The programs of study prescribed for B.Tech. Degree are

- Civil Engineering(CE).
- Computer Science and Engineering(CSE).
- Electrical and Electronics Engineering(EEE).
- Electronics and Communication Engineering(ECE).
- Mechanical Engineering(ME).
- Computer Science and Engineering (Internet of Things and Cyber Security including Blockchain Technology).
- Artificial Intelligence and Data Science (AI and DS)
- Artificial Intelligence and Machine Learning (AIML)
- Computer Science and Engineering ( Data Science)

- x. Any other program approved by the relevant bodies AICTE and the affiliating University and offered by the college.

The duration of B.Tech program is four academic years divided into eight semesters comprising two semesters in each academic year. A student is required to choose a branch of study at the time of admission. Students under lateral entry admission will be admitted straightaway into II B.Tech I Semester of B.Tech program in the respective branch. No change of branch shall be allowed after the admissions are closed.

#### 4 STRUCTURE OF THE PROGRAMME

By course in this context we mean a subject Every programme will have a curriculum consisting of Basic Science Courses (BSC); Humanities and Social Science including Management Courses (HSMC); Engineering Science Courses (ESC); Professional Core Courses (PCC); Professional Elective Courses (PEC); Open Elective Courses (OEC); Internship, Seminar, Project Work (PROJ); Mandatory Courses (MC); Skill Oriented Courses (SC); Laboratory Courses, Design and Drawing Courses which are classified as shown in Table 4.1 below.

S.No	Course Group /Category	Course Description
1	BSC- Basic Sciences	Includes Mathematics, Physics and Chemistry
2	HSMC - Humanities and Social Science including Management Courses	Includes courses related to Humanities, English, Social Sciences and Management
3	ESC - Engineering Science Courses	Includes fundamentals of Engineering, Workshops, Engineering Drawing etc.
4	PCC-Professional Core Courses	Includes core courses related to the respective branch of Engineering
5	PROJ- Internships, Seminars, Project Work	Projects and Internships related to the respective branch of Engineering
6	PEC- Professional Elective Courses	Elective courses relevant to respective specialization / programme
7	OEC- Open Elective Courses	Electives courses relevant to the other departments – on emerging technologies and interdisciplinary courses
8	MC - Mandatory Courses	Professional Ethics and Human Values, Environmental Studies, Constitution of India, Essence of Indian Traditional Knowledge etc., which have no credits but securing 40% marks only in the internal evaluation on max 30 marks is a must to pass in the course.
9	SC - Skill Oriented Courses	Subjects of Skill Enhancement in the related domains and/or Skill Oriented Courses interdepartmental in nature and/or Subjects related to work skills.

Table 4.1 Classification of Courses

#### 5 ASSIGNING OF CREDITS

1 Hour Lecture (L) per week	1 Credit
1 Hour Tutorial (T) per week	1 Credit
1 Hour Practical (P) per week	0.5 Credits
2 Hours Practical (Lab)/ week	1 Credit
Skill Oriented Course/ Skill Advanced Course/ Soft Skill Course	2 Credits
Internship (Summer Break after II year)	1.5 Credits
Industrial/ Research Internship (Summer Break after III year)	3 Credits
Major Project	12 Credits
Mandatory Courses	0 Credits

- 6 The curriculum is designed for every programme so that the total credits will be 163 (124 only for lateral-entry students). To become eligible for the award of degree, every regular admitted student shall earn all the credits of 163 (124 for lateral-entry students) specified in the curriculum of the programme.
- 7 Newly admitted students should initially go through mandatory student induction program, with 3week duration before the commencement of first semester. Physical activity, Creative Arts, Universal Human Values, Literary, Proficiency Modules, Lectures by Eminent People, Visits to local Areas, Familiarization to Dept./Branch & Innovations etc., shall be included in the guidelines issued by AICTE.
- 8 All undergraduate students shall register for NSS/NCC activities. A student will be required to participate in an activity for two hours in a week during second and third semesters. Grade shall be awarded as Satisfactory or Unsatisfactory in the mark sheet on the basis of participation, attendance, performance and behavior. If a student gets an unsatisfactory Grade, he/she shall repeat the above activity in the subsequent years, in order to complete the degree requirements.
- 9 Courses like Environmental Studies, Professional Ethics, Indian Constitution, Essence of Indian Traditional Knowledge etc., are included in the curriculum as non-credit mandatory courses. Environmental Studies is to be offered compulsorily as mandatory course for all branches. A student has to secure 40% of the marks allotted in the internal evaluation for passing the course. No marks or letter grade shall be allotted for all mandatory non-credit courses.
- 10 There shall be 05 Professional Elective courses and 04 Open Elective courses. All the Professional & Open Elective courses shall be offered for 03 credits, wherever lab component is involved it shall be (2-0-2) and without lab component it shall be (3-0-0). If a course comes with a lab component, that component has to be cleared separately. The concerned BOS shall explore the possibility of introducing virtual labs for such courses with lab component.
- 11 Every student will have the choice to opt from the lists of Professional Elective Courses prescribed in the curriculum. The students shall have the choice to opt from the lists of Open Elective Courses of technical and/or emerging subjects. Further, student is required to give the options through registration for these Elective Courses in advance (at least one week) before the commencement of the semester during which the said courses are offered.
- 12 Each semester curriculum shall normally have a blend of Theory courses not exceeding 7 and practical courses (including engineering drawing practice) not exceeding 5. The total number of courses per semester shall not exceed 10 (including Mandatory Courses).
- 13 A student shall be permitted to pursue upto a maximum of two elective courses under MOOCs during the Programme. Each of the courses must be of minimum 12 weeks in duration. Attendance will not be monitored for MOOC courses. Student has to pursue and acquire a certificate for a MOOC course only from the organizations/ agencies approved by the BoS in order to earn the 3 credits. The Head of the department shall notify the list of such courses at the beginning of the semester.

For MOOC courses offered in III-II and in IV-I, computer lab facility will be given to learn MOOC content with the briefing of the course by the teacher allocated. In case the MOOC content is not available for the part of the syllabus, course teacher will deliver the sessions, attendance is made mandatory.

MOOC courses eligible for this purpose are the courses offered by NPTEL / SWAYAM / EDX / Course era/ by any other reputed organisations approved by the department only.

- i. In respect of AK20 B.Tech curriculum, one MOOC in III B.Tech II Semester & another MOOC in IV B.Tech I semester introduced.

Students should compulsorily submit the pass certificate generated by NPTEL for verification and for consideration of credits.

As understood, Certificate by NPTEL will be issued only when a registered students submit assignments regularly as per schedule given and get a minimum of 10 out of 25 marks; and obtain a minimum of 30 marks out of 75 marks in the end examination. (Both criteria should be met to declare pass by NPTEL).

- ii. Out of two MOOC courses introduced, one MOOC shall be with 'Professional Elective Nature and another with 'open Elective' nature: Head of the department will announce options available on the NPTEL platform, and the students have to select 3 credited courses only to fit into the existing credit scheme.
- iii. Courses with minimum 12 weeks learning duration only shall be chosen for MOOC courses.
- iv. Marks or percentage obtained will be converted to grade points and reflects on the grade sheet.
- v. Swayam NPTEL Courses will be notified on this platform before 1<sup>st</sup> November for January semester; and will be notified before 1<sup>st</sup> June for July semester. Accordingly HOD shall issue notification/circular to the teachers connected and to the concerned student groups.
- vi. In case the student fails/ absent in the MOOC courses and not passed within the course duration he/she will be allowed to register for supply examination in manual mode.

The pattern of examination for manual mode in supplementary will be in the pattern of conventional exam on theory course (Five questions should be answered with either or type descriptive questions of 14 marks each). Supply exam fee shall be paid by the students. The syllabus for this pen-paper exam will be the syllabus mentioned in the MOOCS platform.

- vii. The exam fee payable for taking NPTEL online courses shall be borne by the students only
- viii. Teachers connected to the student group for guidance of MOOC courses shall also register for the course, go through the e-content in it to provide proper guidance to the students and also to get his 'mentor certificate'.
- ix. Registration facility – extension of dates if any shall be continuously monitored by the HOD & students.

An equivalent Grade corresponding to grade/marks awarded by MOOC agency shall be determined by a committee consisting of Principal, Controller of Examinations, and HoD concerned. This equivalent Grade shall be shown in the grade sheet and accounted in the SGPA and CGPA calculations.

- 14 The college invites registration forms from the students at the beginning of the semester for offering professional and open elective courses. There shall be a limit on the minimum and maximum number of registrations based on class/section strength.
- 15 Students shall undergo mandatory summer internships for a minimum of six weeks duration at the end of second and third year of the Programme. There shall also be mandatory full internship in the final semester of the Programme along with the project work.
  - i. Two summer internships each with a minimum of six weeks duration, done at the end of second and third years, respectively are mandatory. The internship can be done by the students at local industries, Govt. Organizations, construction agencies, Industries, Hydel and thermal power projects and also in software MNCs.
  - ii. Evaluation of the summer internships shall be through the departmental committee. A student will be required to submit a summer internship report to the concerned department and appear for an oral presentation before the departmental committee. The report and the oral presentation shall carry 40% and 60% weightages respectively.
  - iii. In the final semester, the student should mandatorily undergo internship and parallelly he/she should work on a project with well-defined objectives. Student has to do internship in the relevant industry/ department/ research departments/ IITs/ Central Institutions for the min period of 6 months and

submit internship completion certificate and a project report on the work carried out during the internship to the department for assessment and award credits. The project work shall be evaluated with an external examiner.

- iv. The HOD will monitor the student internship programmes. Completion of internships is mandatory, if any student fails to complete internship, he/she will not be eligible for the award of degree. In such cases, the student shall repeat and complete the internship.
- 16 There shall be 05 skill-oriented courses offered during III to VII semesters. Among the five skill courses, four courses shall focus on the basic and advanced skills related to the domain courses and the remaining one shall be a soft skills course.
- i. For skill oriented/skill advanced course, one theory and 2 practical hours or two theory hours may be allotted as per the decision of concerned BOS.
- ii. Out of the five skill courses two shall be skill-oriented courses from the same domain and shall be completed in second year. Of the remaining 3 skill courses, one shall be necessarily be a soft skill course and the remaining 2 shall be skill-advanced courses either from the same domain or Job oriented skill courses, which can be of inter disciplinary nature. (See Annexure 1 for model skill courses)
- iii. A pool of interdisciplinary job-oriented skill courses shall be designed by a common Board of studies by the participating departments/disciplines and the syllabus along with the pre requisites shall be prepared for each of the laboratory infrastructure requirements. The list of such courses shall be included in the curriculum structure of each branch of Engineering, so as to enable the student to choose from the list.
- iv. The student shall be given an option to choose either the skill courses being offered by the college or to choose a certificate course being offered by industries/ Professional bodies/ APSSDC or any other accredited bodies as approved by the concerned BoS.
- v. The Board of studies of the concerned discipline of Engineering shall review the skill advanced courses being offered by eligible external agencies and prepare a fresh list every year incorporating latest courses based on industrial demand.
- vi. If a student chooses to take a Certificate Course offered by industries/Professional bodies/APSSDC or any other accredited bodies, in lieu of the skill advanced course offered by the Department, the credits shall be awarded to the student upon producing the Course Completion Certificate from the agency/professional bodies as approved by the Board of studies.
- vii. If a student prefers to take a certificate course offered by external agency, the department shall mark attendance of the student for the remaining courses in that semester excluding the skill course in all the calculations of mandatory attendance requirements upon producing a valid certificate as approved by the concerned Board of Studies, the student is deemed to have fulfilled the attendance requirement of the course and acquire the credits assigned to the course.
- viii. A committee shall be formed at the level of the college to evaluate the grades/marks given for a course by external agencies and convert to the equivalent marks/grades. The recommended conversions and appropriate grades/marks are to be approved by a committee constituted by the Head of the Institution.

- 17 Under graduate Degree with Honors/Minor shall be issued by the College/ University to the students who fulfill all the academic eligibility requirements for the B. Tech program and Honors/Minor program. The objective is to provide additional learning opportunities to academically motivated students.

#### 18 UNDER GRADUATE DEGREE WITH HONORS

- i. Students of a Department/ Discipline are eligible to opt for Honors Programme offered by the same Department/Discipline.

- ii. A student shall be permitted to register for Honors program at the beginning of 4<sup>th</sup> semester provided that the student must have acquired a minimum of 8.0 CGPA (7.5 CGPA for SC/ST) upto the end of 3<sup>rd</sup> semester without any backlogs. In case of the declaration of the 3<sup>rd</sup> semester results after the commencement of the 4<sup>th</sup> semester and if a student fails to score the required minimum of 8 CGPA, his/her registration for Honors Programme stands cancelled and he/she shall continue with the regular Programme.
- iii. Students can select the additional and advanced courses from the respective branch in which they are pursuing the degree and get an honors degree in the same. e.g. If a Mechanical Engineering student completes the selected advanced courses from same branch under this scheme, he/she will be awarded B.Tech. (Honors) in Mechanical Engineering.
- iv. In addition to fulfilling all the requisites of a Regular B.Tech Programme, a student shall earn 20 additional credits to be eligible for the award of B.Tech(Honors)degree. This is in addition to the credits essential for obtaining the Under Graduate Degree in Major Discipline (i.e. 163credits (124 credits for LE students) ).
- v. Of the 20 additional Credits to be acquired, 16 credits shall be earned by undergoing specified courses listed as pools, with four courses, each carrying 4 credits. The remaining 4 credits must be acquired through two MOOCs, which shall be domain specific, each with 2 credits and with a minimum duration of 8/12weeks as recommended by the Board of Studies.
- vi. It is the responsibility of the student to acquire/complete prerequisite before taking the respective course. The courses offered in each pool shall be domain specific courses and advanced courses.
- vii. The concerned BoS shall decide on the minimum enrolments for offering Honors program by the department. If minimum enrolments criteria are not met then the students shall be permitted to register for the equivalent MOOC courses as approved by the concerned Head of the department in consultation with BoS.
- viii. Each pool can have theory as well as laboratory courses. If a course comes with a lab component, that component has to be cleared separately. The concerned BoS shall explore the possibility of introducing virtual labs for such courses with lab component. (Model pool list is enclosed in the Annexure-2)
- ix. MOOC courses must be of minimum 8 weeks in duration. Attendance will not be monitored for MOOC courses. Students have to acquire a certificate from the agencies approved by the BOS with grading or marks or pass/fail in order to earn 4 credits. If the MOOC course is a pass/fail course without any grades, the grade to be assigned will be as decided by the university/academic council.
- x. The concerned BoS shall also consider courses listed under professional electives of the respective B.Tech programs for the requirements of B.Tech(Honors). However, a student shall be permitted to choose only those courses that he/she has not studied in any form during the Programme.
- xi. If a student drops or is terminated from the Honors program, the additional credits so far earned cannot be converted into free or core electives; they will remain extra. These additional courses will find mention in the transcript (but not in the degree certificate). In such cases, the student may choose between the actual grade or a "pass (P)" grade and also choose to omit the mention of the course as for the following: All the courses done under the dropped Minors will be shown in the transcript. None of the courses done under the dropped Minor will be shown in the transcript.
- xii. In case a student fails to meet the CGPA requirement for Degree with Honors at any point after registration, he/she will be dropped from the list of students eligible for Degree with Honors and they will receive regular B.Tech degree only. However, such students will receive a separate grade

sheet mentioning the additional courses completed by them.

xiii. Honors must be completed simultaneously with a major degree program. A student cannot earn Honors after he/she has already earned bachelor's degree.

#### 19 UNDER GRADUATE MINOR DEGREE

- i. a) Students who are desirous of pursuing their special interest areas other than the chosen discipline of engineering may opt for additional courses in minor specialization groups offered by a department other than their parent department. For example, If Mechanical Engineering student selects subjects from Civil Engineering under this scheme, he/she will get Major degree of Mechanical Engineering with minor degree of Civil Engineering.  
b) Student can also opt for Industry relevant tracks of any branch to obtain the Minor Degree, for example, a B.Tech Mechanical student can opt for the industry relevant tracks like Data Mining track, IOT track, Machine learning track etc.
- ii. The BOS concerned shall identify as many tracks as possible in the areas of emerging technologies and industrial relevance / demand. For example, the minor tracks can be the fundamental courses in CSE, ECE, EEE, CE, ME etc or industry tracks such as Artificial Intelligence (AI), Machine Learning (ML), Data Science (DS), Robotics, Electric vehicles, Robotics, VLSI etc.
- iii. The list of disciplines/branches eligible to opt for a particular industry relevant minor specialization shall be clearly mentioned by the respective BoS.
- iv. There shall be no limit on the number of programs offered under Minor. The University/Institution can offer minor programs in emerging technologies based on expertise in the respective departments or can explore the possibility of collaborating with the relevant industries/agencies in offering the program.
- v. The concerned BoS shall decide on the minimum enrolments for offering Minor program by the department. If a minimum enrolments criterion is not met, then the students may be permitted to register for the equivalent MOOC courses as approved by the concerned Head of the department in consultation with BoS.
- vi. A student shall be permitted to register for Minors program at the beginning of 4<sup>th</sup> semester subject to a maximum of two additional courses per semester, provided that the student must have acquired 8 SGPA (Semester Grade point average) upto the end of 2<sup>nd</sup> semester without any history of backlogs. It is expected that the 3<sup>rd</sup> semester results may be announced after the commencement of the 4<sup>th</sup> semester. If a student fails to acquire 8 SGPA upto 3<sup>rd</sup> semester or failed in any of the courses, his registration for Minors program shall stand cancelled. An SGPA of 8 has to be maintained in the subsequent semesters without any backlog in order to keep the Minors registration active.
- vii. A student shall earn additional 20 credits in the specified area to be eligible for the award of B. Tech degree with Minor. This is in addition to the credits essential for obtaining the Under Graduate Degree in Major Discipline (i.e. 163credits (124 credits for LE students) ).
- viii. Out of the 20 Credits, 16 credits shall be earned by undergoing specified courses listed by the concerned BoS along with prerequisites. It is the responsibility of the student to acquire/complete prerequisite before taking the respective course. If a course comes with a lab component, that component has to be cleared separately. A student shall be permitted to choose only those courses that he/she has not studied in any form during the Programme.
- ix. In addition to the 16 credits, students must pursue at least 2 courses through MOOCs. The courses must be of minimum 8 weeks in duration. Attendance will not be monitored for MOOC courses. Student has to acquire a certificate from the agencies approved by the BOS with grading or marks or pass/fail in order to earn 4 credits. If the MOOC course is a pass/fail course without any grades,

the grade to be assigned as decided by the university/academic council.

- x. Student can opt for the Industry relevant minor specialization as approved by the concerned departmental BoS. Student can opt the courses from Skill Development Corporation (APSSDC) or can opt the courses from an external agency recommended and approved by concerned BOS and should produce course completion certificate. The Board of studies of the concerned discipline of Engineering shall review such courses being offered by eligible external agencies and prepare a fresh list every year incorporating latest skills based on industrial demand.
- xi. A committee should be formed at the level of College/Universities/department to evaluate the grades/marks given by external agencies to a student which are approved by concerned BoS. Upon completion of courses the departmental committee should convert the obtained grades/marks to the maximum marks assigned to that course. The controller of examinations can take a decision on such conversions and may give appropriate grades.
- xii. If a student drops (or terminated) from the Minor program, they cannot convert the earned credits into free or core electives; they will remain extra. These additional courses will find mention in the transcript (but not in the degree certificate). In such cases, the student may choose between the actual grade or a "pass(P)" grade and also choose to omit the mention of the course as for the following: All the courses done under the dropped Minors will be shown in the transcript. None of the courses done under the dropped Minor will be shown in the transcript.
- xiii. In case a student fails to meet the CGPA requirement for B.Tech degree with Minor at any point after registration, he/she will be dropped from the list of students eligible for degree with Minors and they will receive B. Tech degree only. However, such students will receive a separate grade sheet mentioning the additional courses completed by them.
- xiv. Minor must be completed simultaneously with a major degree program. A student cannot earn the Minor after he/she has already earned bachelor's degree.

20

#### ASSESSMENT

The performance of a student in each semester shall be evaluated subject wise with a maximum of 100 marks for theory as well as for practical subject. The distribution shall be 30 marks for Continuous Internal Evaluation (CIE) and 70 marks for the Semester End Examinations (SEE). A student has to secure not less than 35% of marks in the end semester examination and minimum 40% of marks in the sum total of internal and end semester examination marks to earn the credits allotted to each course.

- For Theory, Design and Drawing courses out of 100 marks, 30 marks will be for the CIE and 70 marks will be for the SEE
- In respect of Skill Oriented Courses maximum of 100 marks will be for CIE only.
- In VIII semester, for Major Project, there shall be 60 marks for CIE only and there will be 140 marks for SEE. For maximum of 60 marks for CIE, based on the continuous evaluation by the guide / supervisor and Project review committee, assessment will be done by taking two assessments (minimum) one in the middle of the semester and another towards the end of the semester before submission of the final report.

i. **Continuous Internal Evaluation for theory courses including Professional and Open Electives:**

In case of theory courses there shall be two internal examinations for 30 marks each with the first exam (on first two units) conducted in the middle of the semester and the second exam (for remaining three units) conducted towards the end of the semester and the sessional marks are

List of Courses arranged for the fast Learners (2021-2022):

III B.Tech
