

WORKSHOP ON IPR & INNOVATIONS

On

08.01.2020

About the Institute

Annamacharya Institute of Technology and Sciences, Tirupati was established in the year 2007 in a 40 acre sprawling green campus with serene atmosphere and congenial learning practices. The institute offers five streams in engineering namely CSE, ECE, EEE, and Civil & Mechanical Engineering. It also runs two post graduate programmes - M.Tech & MBA. The institute provides adequate practical orientation to students in order to make them succeed in the present day competitive world.

About Department of Management Studies

The department, established in 2008 has been able to impart quality managerial competencies for students with qualified, experienced and senior faculty members including Doctorates. The department offers premier professional training that keeps the students in pace with the latest developments in the field of Business Management. The department regularly conducts Personality Development courses, Soft skill courses and employment oriented courses for providing the students a clear and decisive edge in employability through modular and supplementary programs based on industry tracking and feedback. The department has forged strong Institute-Industry Interface with leading companies to continuously bridge the gap between college education and Industry needs through summer Internships, pre-employment training programs, guest lectures and other Interaction programs.

About the Workshop

The workshop on Intellectual Property Rights and Innovations is a one day National level workshop which covers different aspects of Intellectual Property rights such as Patents, Industrial design , copy rights, trademarks etc. It also covers hands-on-training on patent searches for innovations which will help in the conversion of projects in to various forms of IPR. The workshop is aimed to bring a positive transformation in the students and faculty members' attitude in their project and research works.
