

Department of Electrical & Electronics Engineering

Stakeholders feedback action taken report

Academic year: 2017 – 2018

Curriculum	Stakeholder	Area of improvement /suggestions	Action taken
R13	Students	-Arrange guest lecture on current trends in Electrical Engineering	- Guest lecture on current trends is planned in Electrical Engineering for the next academic year
	Faculty	-Add new courses related to Power System such as distribution automation systems	-The proposed course will be sent to JNTUA for possible inclusion in the upcoming curriculum
	Alumni	-Provide training on analysis software related to Electrical Engineering	-Planned to provide training programme on analysis software related to Electrical Engineering
	Employers	-Students should be sent for training in automation software	-Planned to conduct training in automation software
R15	Students	-Want Technical fest	-Technical fest is planned for the next academic year
	Faculty	- Add modern converters in power electronics subject	-The proposed topic for power electronics subject will be sent to JNTUA for possible inclusion in the upcoming curriculum

Department of Mechanical Engineering

Stakeholders feedback action taken report

Academic year: 2017 – 2018

Curriculum	Stakeholder	Area of improvement /suggestions	Action taken
R13	Students	Conduct guest lectures on advanced materials	The guest lecture is planned on advanced materials for the coming year
	Faculty	Advanced Machine learning course is needed	Proposed courses will be forwarded to JNTUA for feasibility of execution in the upcoming curriculum
	Alumni	Course related to Advanced Energy generation sources is required for the present students	
	Employers	Students must develop the innovative thinking	Planned to train the students in the area of innovative thinking for the coming year
R15	Students	Arrange industrial visit to manufacturing industries	Planned to arrange industrial visit to manufacture industries for the coming year
	Faculty	Add mechatronics subject in the curriculum	Proposed subject will be forwarded to JNTUA for feasibility of execution in the upcoming curriculum

Department of Electronics and Communication Engineering

Stakeholders feedback action taken report

Academic year: 2017 – 2018

Curriculum	Stakeholder	Area of improvement /suggestions	Action taken
R13	Students	-Want guest lectures on applications in Image Processing	Guest Lecture on Digital Image Processing and Its Real Time Applications is planned for the next academic year
	Faculty	-Request to introduce more choice based electives of various domains.	The proposed suggestion will be sent to JNTUA for consideration in the upcoming curriculum.
	Alumni	-Request to do internships on latest technologies like IOT.	- Internship programmes are planned for the next academic year
	Employers	-Students should undergo training on electronics related softwares.	Planned to conduct workshops on softwares related to electronics engineering.
R15	Students	-Want expert talk on embedded systems	-Planned to conduct expert talk on embedded systems for the next academic year
	Faculty	-Request to introduce online courses for latest technologies.	-The proposed suggestion will be sent to JNTUA for consideration in the upcoming curriculum.

Department of Computer Science and Engineering

Stakeholders feedback action taken report

Academic year: 2017 – 2018

Curriculum	Stakeholder	Area of improvement /suggestions	Action taken
R13	Students	- Need more practical sessions on Compiler Design and Assembly Language Programing Lab.	-Planned to provide more practical sessions on Compiler Design and Assembly Language Programming Lab.
	Faculty	-Revise few concepts in the course of Computer Organization & Architecture	Recommended course will be forwarded to JNTUA for revision in the next curriculum.
	Alumni	-Need to increase the training activities to meet the industrial needs.	-Planned to provide more training activities to meet the industrial needs through CRT.
	Employers	-Suggested to incorporate Internships to meet the requirements of the software industry.	- Planned to provide Internships to meet the requirements of the software industry.
R15	Students	-Arrange workshop on coding and personal skills.	-Planned to provide workshop on coding and personal skills in the next academic year.
	Faculty	- To meet current industry needs, some courses like Internet Of Things and Deep Learning can be added to the curriculum.	Recommended course will be forwarded to JNTUA for feasibility of addition in the next curriculum.

Department of Civil Engineering

Stakeholders feedback action taken report

Academic year: 2017 – 2018

Curriculum	Stakeholder	Area of improvement /suggestions	Action taken
R13	Students	-Require guest lectures on advancement in Civil Engineering	- Expert talk on new technologies in civil engineering is planned for the coming academic year
	Faculty	-Add new course related mathematical problem solution in civil engineering (Finite element methods)	-Suggestion course will be forwarded to JNTUA for possibility of implementation in the next curriculum
	Alumni	-Give exposure to project management by industrial experts to the students	Invited talk on project management by industrial experts is planned for the next academic year
	Employers	-Students should undergo training on civil engineering softwares	Planned to conduct training programme on softwares related to civil engineering in the next academic year
R15	Students	- Require training on building drafting software - Want Technical fest	- Training on auto cadd software and technical fest are planned in the coming academic year
	Faculty	- Include building planning and drawing course in the curriculum	Suggestion course will be forwarded to JNTUA for possibility of implementation in the next curriculum

Department of MBA

Stakeholders feedback action taken report

Academic year: 2017 – 2018

Curriculum	Stakeholder	Area of improvement /suggestions	Action taken
R14	Students	Management meet	Organized an event "Budding Managers meet"
		Conduct Seminars	Organized Technosangram 2018, a technical symposium for students
	Programmes on entrepreneurship	Organized seminar on Entrepreneurial skills and Career development	
	Faculty	Practical exposure needed	More industrial visits are planned in the upcoming year to provide exposure to students so as to understand the real-time situations in the industry
Alumni	Awareness on competitive examinations	Awareness program on competitive exams was conducted for students by resource persons from industry	
	Campus Recruitment Training	Deliberations are made with the college authorities to offer CRT to MBA students	
R17	Employers	Personality development programme	Personality development workshop was conducted by trainer from industry
	Students	Need legal awareness	Organized a program on legal rights for women named "Amazon-2K18"
		Industrial visit	Conducted an industrial visit to Coca-Cola Beverages Pvt Ltd . Organized Capacity
		Need more programs on finance elective	Building program on Commodity Derivatives Market.
