

## ANNUAL SPORTS DAY 2025

The **Annual Sports Day 2025** was successfully conducted between March and May 2025, involving a total of **1,045 participants**. The event was structured into two primary categories to accommodate different years and branches of students.

- **Senior Category (March 24<sup>th</sup> 2025 – April 10<sup>th</sup> 2025):** This Category was the cornerstone of the meet, spanning 18 days. It was open to **II, III, and IV-year B.Tech** students, as well as those in the **MBA and MCA** programs. This category saw the highest engagement with **601** participants.
- **Junior Category (April 28<sup>th</sup> 2025 – May 05<sup>th</sup> 2025):** Held over 8 days after the senior category, this Category was dedicated exclusively to **I-year B.Tech students** from all academic branches. The Junior Category successfully incorporated **444** participants, fostering a spirit of athletic integration among the first-year students.

### SENIOR CATEGORY

The schedule was designed to promote inter-departmental competition, drawing talent from various branches including Mechanical Engineering, Civil Engineering, Electronics and Communication, Electrical Engineering, and specialized fields like AI, CIC, and CSD. The Category offered a diverse range of disciplines tailored for both boys and girls.

The boys segment featured high-energy team sports such as Cricket, Volleyball, Kabaddi, and Football, complemented by indoor competitions including Shuttle Doubles, Table Tennis Doubles, Carroms Doubles, and Chess. Simultaneously, the girls' category showcased a strong competitive spirit in team games like Volleyball, Kabaddi, and Throwball, alongside individual and partner-based events such as Tennikoit Doubles, Shuttle Doubles, Table Tennis Doubles, Carroms Doubles, and Chess.

### JUNIOR CATEGORY

The Junior Category of the Annual Sports Meet 2025 was specifically designed to welcome the I-year B.Tech students into the university's competitive sports culture. Held over an eight-day period from late April to early May, this phase featured a vibrant representation from all academic branches, including AI, CSE, IT, ECE, DS, EEE, CIC, Civil, and Mechanical Engineering.

The sports for the Junior Category offered a balanced mix of outdoor and indoor activities for both boys and girls. The boys competed in high-energy team sports such as Cricket, Volleyball, and Kabaddi, while also participating in precision-based indoor games like Carroms Doubles and Chess. Simultaneously, the girls' program featured a competitive lineup including Kabaddi, Throwball, and Shuttle Doubles, along with Carroms Doubles and Chess.
